- People who have been diagnosed with kidney disease at all stages, from early to end-stage renal disease

- People who have undergone different types of treatment, including dialysis and kidney transplant
- People who have faced the challenges of living with kidney disease, including financial hardship, discrimination, and social isolation

Despite the challenges they have faced, the people in this book are all warriors. They have refused to let kidney disease define them, and they have gone on to live full and happy lives.

Their stories are a testament to the power of hope, change, and the human spirit.
