This book is a mother's memoir of raising a child with brain cancer and chronic illness. It is a story of love, resilience, and hope. The book follows the family's journey from diagnosis through treatment and recovery. It is a powerful and inspiring story that will resonate with anyone who has ever faced adversity.

The author's daughter, Riley, was diagnosed with brain cancer at the age of three. Riley underwent surgery, chemotherapy, and radiation therapy. She also developed chronic illnesses, including cerebellar ataxia. Cerebellar ataxia is a rare neurological disorder that affects balance and coordination. It is a chronic condition that can be caused by a variety of factors, including brain cancer.

The author shares her family's experience with cerebellar ataxia in detail. She describes the challenges they faced and the lessons they learned. Her story is a testament to the power of love and hope.

This book is a must-read for anyone who is interested in learning more about brain cancer and chronic illness. It is also a valuable resource for families who are facing similar challenges.
