

The New Materia Medica: A Comprehensive Guide to Natural Remedies

The New Materia Medica is a comprehensive guide to natural remedies, providing detailed information on over 2,000 plants, herbs, and minerals. Written by Dr. Richard Schulze, a world-renowned herbalist, this book is an invaluable resource for anyone interested in natural healing.

The book is divided into three parts. The first part provides a general overview of natural healing, including the history of herbal medicine, the different types of natural remedies, and how to use them safely and effectively. The second part of the book is a materia medica, which provides detailed information on each of the over 2,000 plants, herbs, and minerals included in the book. The third part of the book is a formulary, which provides over 500 recipes for natural remedies for a variety of health conditions.
